

Quiet Exhaust Fan Series

Models: AK80LS, AK110LS

The Deluxe Quiet and Quiet Exhaust Fan Series provide powerful ventilation, low sound levels, attractive grills and are cost effective to operate.

The contoured grill almost disappears into the ceiling. At the highest point the grill projects only 1/2" down from the ceiling. The electronically balanced centrifugal blower wheel assures maximum ventilation with minimum sound.

- ENERGY STAR® Labeled†, HVI2100 Certified
- Spring loaded metal back draft damper (models AK80LS, AK110LS, AK150LS, AK200LS, AK300LS)
- UL Listed for installation over a tub or shower on a GFCI circuit
- Motors suitable for continuous operation
- Easily installs using the included adjustable hanging brackets and are available in contractor packs (4 housings and 4 mbgs)(see page 15 for details)
