

JWBxTB

Description

- Towel Bar
- Easy to install bracket assembly
- Available in Huntington Brass special finishes

Determine the desired height and location for mounting the bath accessory. Mark the two spots for the screw anchor by using the mounting plate as a template

Grab a drill, and drill out two holes per anchor. Insert screw anchors into each of the holes and tap flush to the wall with a hammer. Place mounting plate over the screw anchors and insert screw provided with a screwdriver. Make sure that the mounting plate is secure.
